

EHPA Membership Fees 2027

Annual membership fee, applicable to all members in calendar year 2027 as agreed by the General Assembly in May 2026. We consider the annual turnover on heat pump-related sales activities in Europe.

Category	Criteria	Fee 2027
Heat Pump and Component Manufacturers: Organisations engaged in the manufacture, marketing, or sale of heat pumps and related components for commercial application. Including sub-category of Industrial Heat Pump Manufacturers: Organisations that primarily manufacture heat pumps for industrial applications.		
COM0	Turnover > 500,000,000 EUR	35,650 €
COM1	Turnover 300,000,000-500,000,000 EUR	27,686 €
COM2	Turnover 150,000,000-300,000,000 EUR	22,073 €
COM3	Turnover 75,000,000-150,000,000 EUR	16,459 €
COM4	Turnover 5,000,000-75,000,000 EUR	10,846 €
COM5	Turnover < 5,000,000 EUR	6,254 €
Utilities: Organisations engaged in the commercial supply of heat and/or electricity to end consumers, including residential, commercial, and industrial customers.		
UTI	all	15,224 €
Consultancies: Organisations providing professional advisory, engineering, technical, or management services to companies in the heat pump sector.		
CONS1	Turnover > 5,000,000 EUR	10,846 €
CONS2	Turnover < 5,000,000 EUR	6,254 €
Financial Partners: Organisations or entities offering financial support, sponsorship, or investment without direct involvement in operational or manufacturing activities within the heat pump sector.		
FIN	all	6,254 €
National and other associations: Non-commercial organisations representing collective interests within the heat pump sector, including national-level associations and similar bodies operating in the public interest.		
EIG1	Turnover > 1,000,000 EUR	10,058 €
EIG2	Turnover 500,000-1,000,000 EUR	7,042 €
EIG3	Turnover 100,000-500,000 EUR	4,024 €
EIG4	Turnover < 100,000 EUR	1,257 €
Research and Development Bodies: RD1: Organisations primarily testing, validating or applying technologies for market use, where laboratory activities are mainly used to support products and technologies entering or operating on the market. RD2: Public academic institutions using research facilities primarily for education and academic research, including research projects that explore or improve technologies without a primary market or service delivery role.		
RD1	RD1: applied research centres, testing or certification bodies, industry-oriented research organisations	4,024 €
RD2	RD2: universities, academic departments, research groups	1,257 €

In the case of mixed product / services portfolios, the dominant business determines the membership class.

The START category is discontinued. Current START members will terminate their two-year term (fee 2,440 €).

Applicable discounts (only one can be applied):

- For start-ups (across all categories): 50% in year 1, full fee in year 2
- For new members joining after 1 September: 50% in year 1, full fee in year 2 (condition: subscription for the consecutive year)
