Join the European Heat Pump Association

The voice of the European heat pump sector in Brussels.

Annual sales of heat pumps, in million (18+3 countries)

18 countries (2025 sales reported): AT, BE, CH, CZ, DE, DK, ES, FI, FR, IT, LT, NL, NO, PL, PT, SE, SK, UK
3 countries (2024 values carried forward): IE, HU, EE

About EHPA

Our vision

Our vision for is for the European Heat Pump Association to be the leading authority and trusted partner in the path to fully sustainable heating and cooling in Europe.

Our mission

Our mission is to ensure sustainable, stable growth in the domestic, commercial and industrial heat pump market in order to achieve the European goal of 60 million heat pumps by 2030.

How we work

Our work is outward-looking, constructive, clear and evidence-based. We promote innovation, collaboration and sustainability through all that we do.

We proudly advocate for 200+ organisations

Who are our members?

- Heat pump manufacturers – **38%**
- Component manufacturers – **18%**
- Research institutes/universities – **14%**
- National associations – **13%**
- Heat pump-based services and startups – **6%**
- Utilities, consultancies and financial partners – **5%**
- Test centres – **4%**
- Other associations – **2%**

**Representing
30+ countries**

Policy influence & insight

We work to shape EU policy that allows the heat pump sector to flourish, and heat pumps to become the number one heating and cooling choice by 2030.

Your member benefits:

- ➔ Access to our tracker document with the latest intel and status of each major EU policy file.
- ➔ Receive intelligence gleaned from our sources in Brussels, regular analysis and relevant documents from our policy team.
- ➔ Join our committees and task forces on the files that matter to you, to shape our positions and advocacy.
- ➔ Join our live policy Q&A, online every other Friday, to ask and exchange on the latest news.

Networking & visibility

We organise multiple events, from closed-door lunches with politicians and debates at the EU Parliament, to members-only networking evenings and our flagship annual Heat Pump Forum.

Your member benefits:

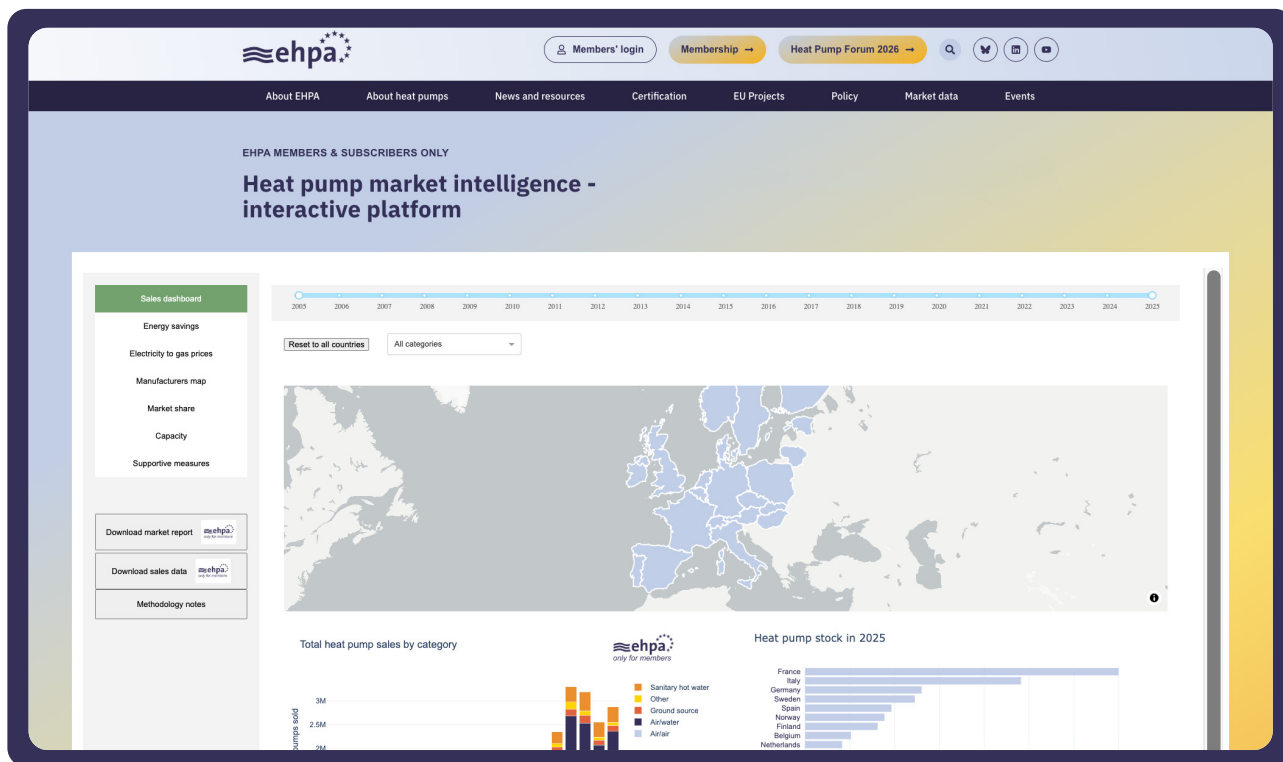

- ➔ Discounts for the Heat Pump Forum.
- ➔ Opportunities to shape our events content and discussions and potential speaking slots.
- ➔ Invitations to selected smaller, policymaker events.
- ➔ Your news featured in our weekly newsletter to members, and promotion of our members on social media.
- ➔ Opportunity to apply for the annual Heat Pump Awards, which are awarded to the most innovative, smart heat pump projects during our Heat Pump Forum.

Market intelligence

EHPA gathers heat pump sales data from 20+ European countries and analyses this and other data that impacts the market.

We analyse and present this on our interactive in-depth data platform.

Your member benefits:

- ➔ Access to the full, in-depth market intelligence platform.
- ➔ Our annual heat pump market report and the underlying data for download.
- ➔ Reports looking into the national market contexts and trends.
- ➔ Data analyses including energy prices, taxes, manufacturing sites, trade flows, energy savings.

Knowledge and participation

EHPA pushes knowledge and innovation through multiple EU-funded projects, which members can partner in. EHPA's own governance is also highly participative and collaborative.

Your member benefits:

Our members are the first to hear about new project funding or collaboration opportunities.

Members are eligible for a discount on their heat pump certification fee under the EHPA-run Quality Label.

Every member has their say through their vote at the General Assembly and is eligible to stand for election to EHPA's Board of directors.

Members have access to all relevant documents, reports, meeting agendas and minutes on the dedicated online platform.

Ready to join EHPA?

You've explored the benefits – now it's time to take the next step.

If you support the heat pump sector in Europe, your contribution matters.

By becoming a member, you're shaping the future of sustainable heating and cooling in Europe.

Follow the steps below to apply and help drive the heating transition forward:

01

Identify your membership category

We offer several categories, based on type of organisation and/or heat pump-related turnover.

You can see these on the next page.

02

Fill out the application form

Found your category and ready to apply for membership? Fantastic!

Scan the QR code or go to <https://ehpa.org/about-ehpa/become-a-member/>.

You'll find the membership application form to fill in and sign, and we'll do the rest.

Become a member now

Membership fees

The 2027 annual membership fees were agreed at EHPA's General Assembly on 17 May 2026. When applying, please determine your category based on turnover related to heat pump activity. Each membership application is considered by EHPA and our board of directors.

Membership fees 2027

Heat Pump & Component manufacturers		
Category	Turnover on heat pump activities	Membership fees
COM0	> 500,000,000 €	35,650 €
COM1	300,000,000 – 500,000,000 €	27,686 €
COM2	150,000,000 – 300,000,000 €	22,073 €
COM3	150,000,000 – 75,000,000 €	16,459 €
COM4	5,000,000 – 75,000,000 €	10,846 €
COM5	< 5,000,000 €	6,254 €
Utilities		
Category	Turnover on heat pump activities	Membership fee
UTI	ALL	15,224 €
Consultancies		
Category	Turnover on heat pump activities	Membership fees
